

## **AMAZING CASTING OPPORTUNITY!**

\$\$\$ Offered!!!

New documentary-style TV show NEEDS YOU! This brand new series will be looking at relationships between married couples and their in-laws!

At some level every married couple has problems with their in laws. We are trying to show our viewers that they shouldn't be embarrassed, rather, the problems they are having with their in laws can be worked through. The goal of this show is not to exploit people or to make them look stupid; rather, we are simply here to help.

Being a biker is such an important facet to American culture—because of this, my company and the network are really looking hard for a biker family! I was hoping that I could send you my casting notice and that you could distribute it amongst the bikers in your club.

Do you and your in-laws have different ways of doing things that can sometimes be frustrating? Do your in-laws old-fashioned values differ from your modern lifestyle? Does the statement, “When mom says no, ask grandma” ring true in your family? Do you wish your mother-in-law wouldn't baby your husband so much when she is around because when she leaves he won't do anything around the house?

If you love your in-laws but want to learn to adapt to each others way of life, this is the show for you! Families on this show will have the once-in-a-lifetime opportunity to work with a professional relationship expert to help your family understand each others way of life.

**GENEROUS FINANCIAL COMPENSATION OFFERED!!**
